

“Its Learning” – Embedding Files

You can embed files in two places in “Its Learning” for each of your classes - **1. On the Course Dashboard** or main page of your classes, and **2. In the Course Content**, or folders used for specific activities. Below are the instructions for both methods.

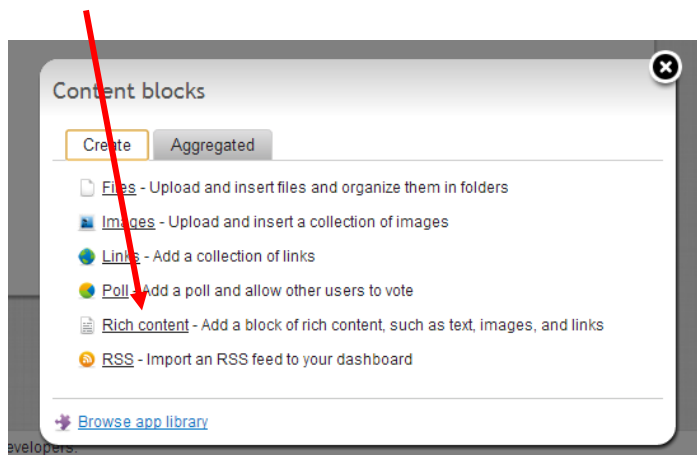

1 On The Course Dashboard

To embed files on the main dashboard for your class, select the following:

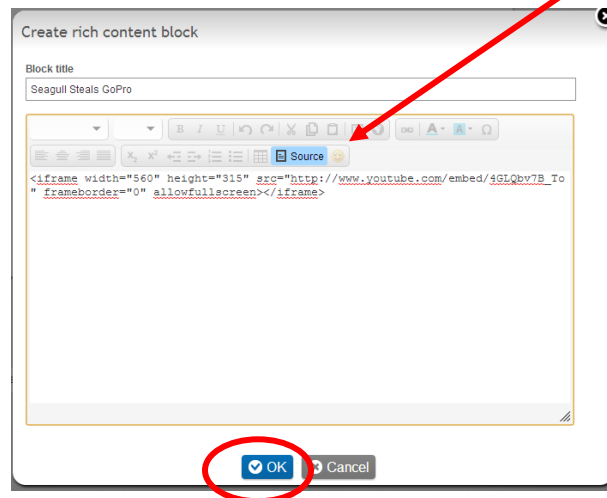

1. “Add content block”

2. “Rich Content”

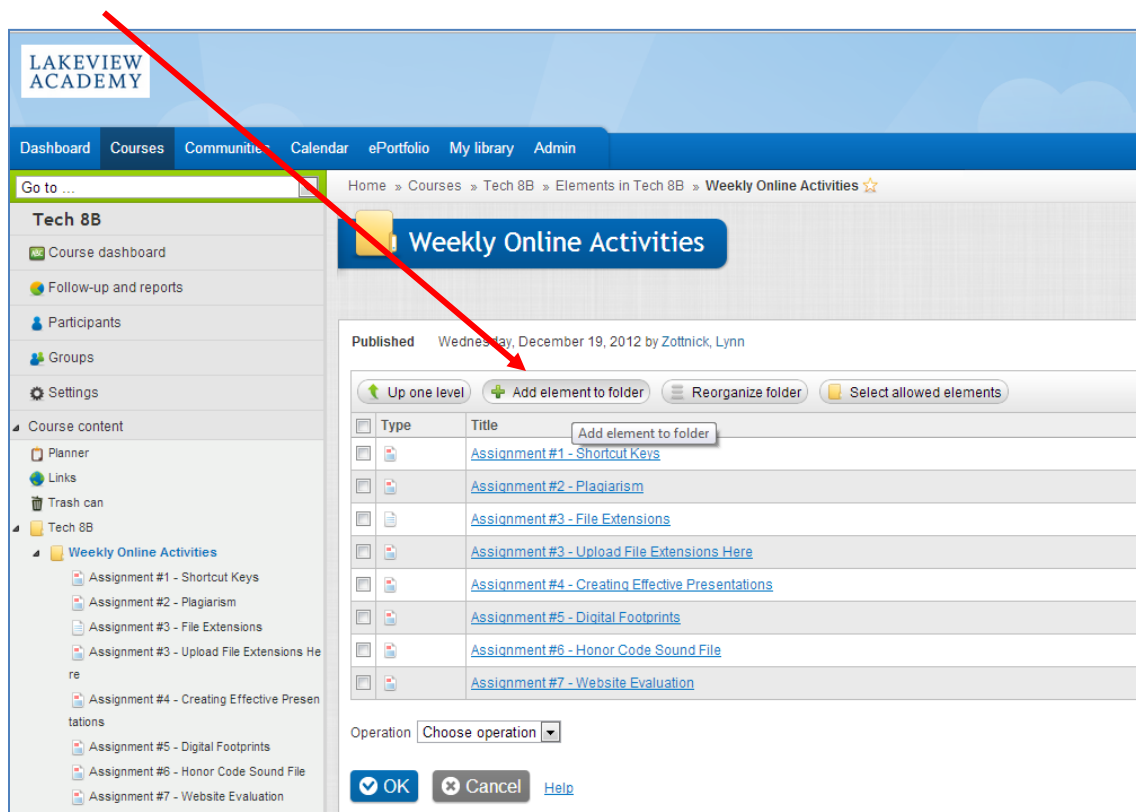

3. Type in a title for the rich content block, then click on “Source” and copy/paste the embed code into the text space. Press “OK”.

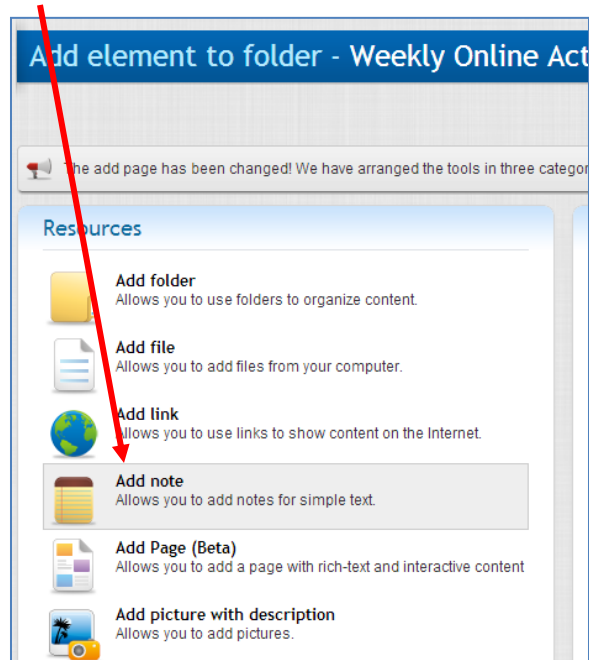

2 In The Course Content

To embed files in the content of folders for your classroom activities, select the following:

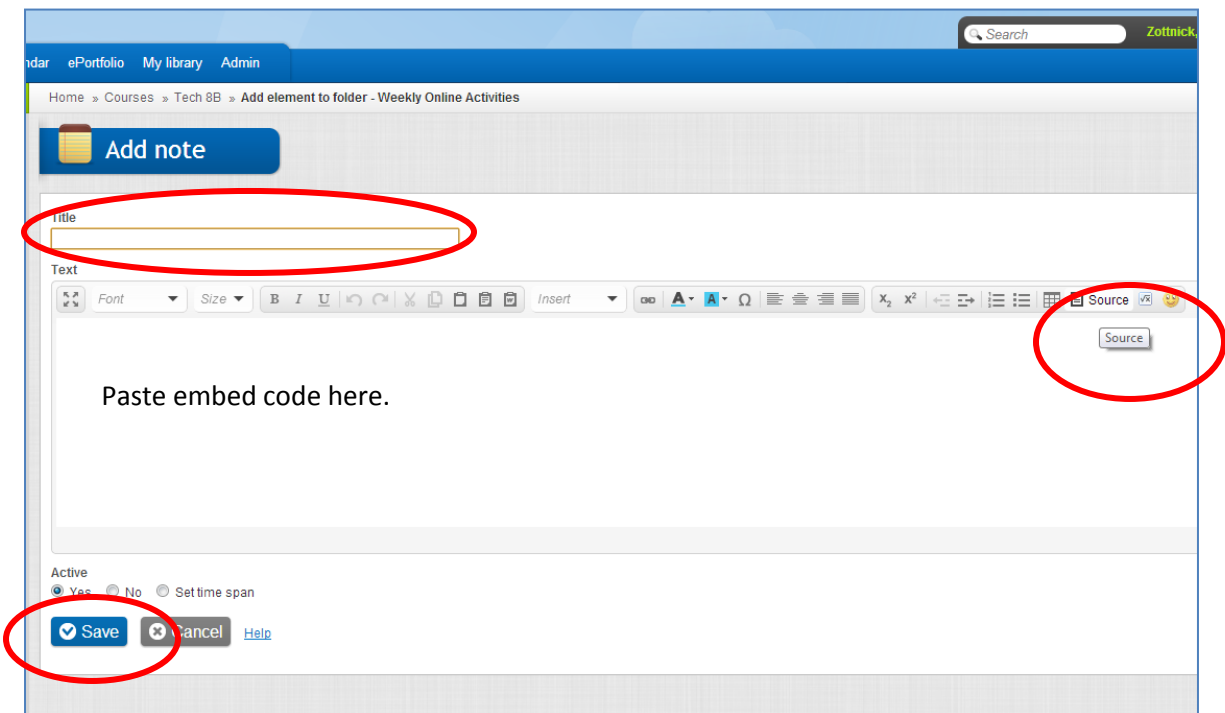

1. “Add element to folder”

2. Under Resources, click on “Add Note”

3. Enter a note title and click on “Source”. Copy/Paste your embed code in the text box below. Click on “OK”.

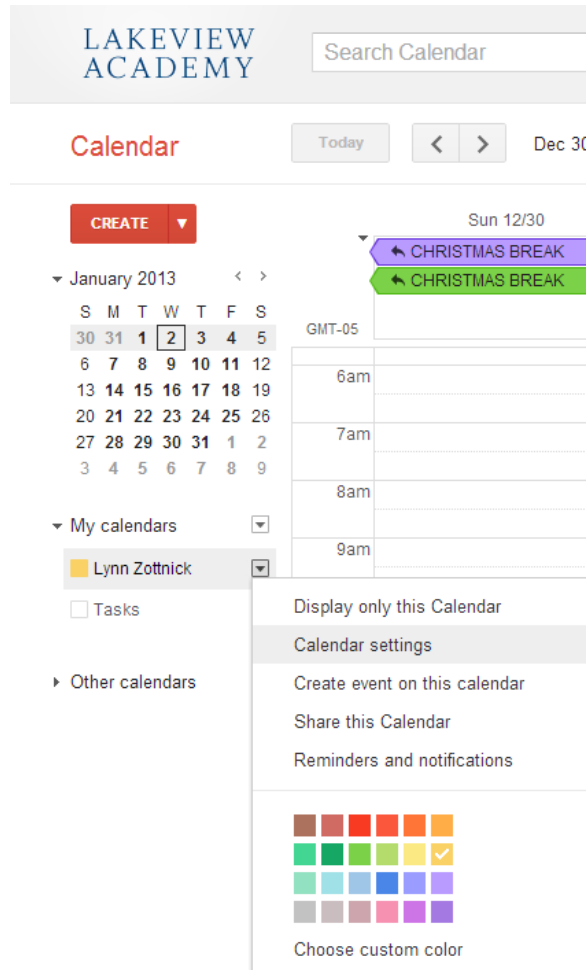

Embed Code

You can embed almost any kind of media as long as it gives you permission to share and has an embed code. Sometimes, the trick is where to find the code!

Here are hints of finding the code for the following:

1. Google Calendars

Pull up your Google calendar from the drop-down arrow, select “Calendar settings”.

Copy the code as seen below and paste it into the source box in “Its Learning” as described above.

LAKEVIEW ACADEMY Search Calendar

Lynn Zottnick Details

[Calendar Details](#) [Share this Calendar](#) [Reminders and notifications](#)

« Back to calendar

Calendar Name: Lynn Zottnick

Calendar Owner: "lynn.zottnick@lakeviewacademy.org" <lynn.zottnick@lakeviewacademy.org>

Organization: Lakeview Academy

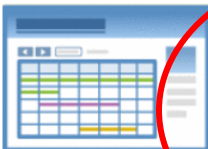

Description:

Location:

e.g. "San Francisco" or "New York" or "USA." Specifying a general location will help people

Calendar Time Zone: This calendar uses your current time zone: (GMT-05:00) Eastern Time [Set my time zone](#)

Embed This Calendar
Embed this calendar in your website or blog by pasting this code into your web page. To embed multiple calendars, click on the Customize Link

 Paste this code into your website. [Customize the color, size, and other options](#)

```
<iframe
src="http://www.google.com/calenda
r/embed?
src=lynn.zottnick%40lakeviewacade
my.org&ctz=America/New_York"
```

Calendar Address: [XML](#) [ICAL](#) [HTML](#) (Calendar ID: lynn.zottnick@lakeviewacademy.org)
[Learn more](#)
[Change sharing settings](#)

This is the address for your calendar. No one can use this link unless you have made your calendar public.

Private Address: [XML](#) [ICAL](#) [Reset Private URLs](#)
[Learn more](#)

This is the private address for this calendar. Don't share this address with others unless you have made your calendar private.

« Back to calendar

Note: Make sure that your permissions allow viewers to see your calendar. These can be adjusted in “Share this Calendar” from the dropdown menu in step 1 above.

2. Google Forms

Create your form in Google Drive. Under “Actions”, click on “Embed”.

Theme: Plain

☐ Allow users to edit responses. [What's this?](#)

☒ Require Lakeview Academy sign-in to view this form.

☐ Automatically collect respondent's Lakeview Academy username.

Test Form

You can include any text or info that will help people fill this out.

Question Title Sample Question 1

Help Text

Question Type Text

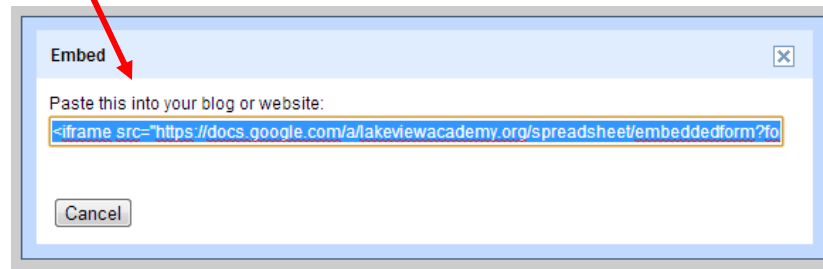

Their answer

☐ Make this a required question

[Email this form](#) [See responses](#) [More actions](#) [Save](#)

[Embed](#)
[Edit confirmation](#)

Copy the code from the box as shown below and paste it into the source box in “Its Learning” as described in the instructions above.

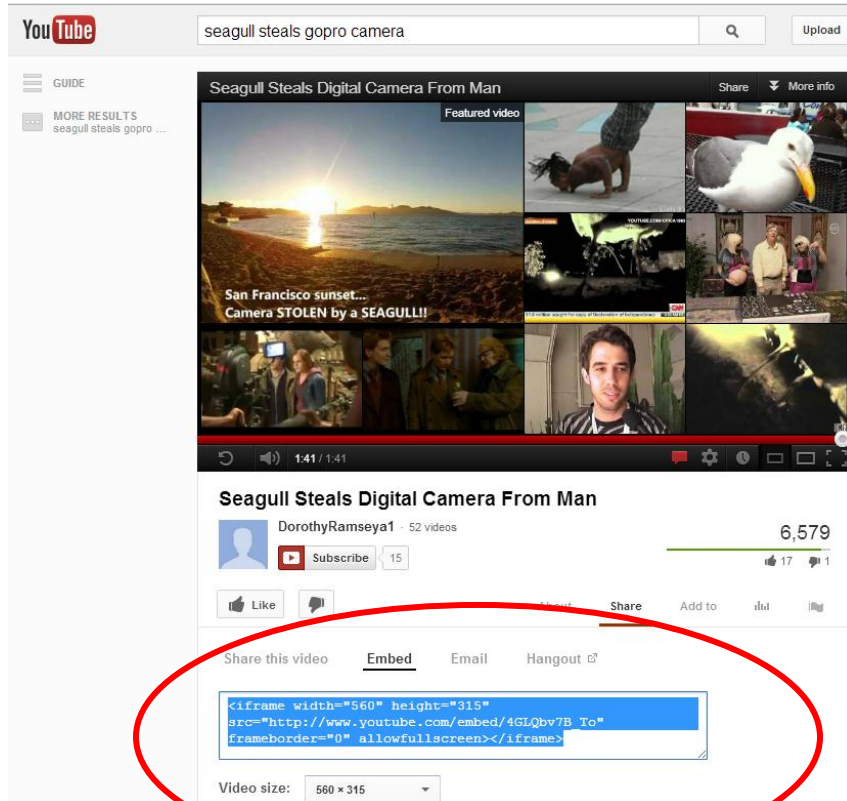

Note: Be sure to select how you would like your form to collect responses.

A screenshot of a web browser showing the Google Forms "Test Form" settings page. The address bar shows the URL: <https://docs.google.com/a/lakeviewacademy.org/>. Below the address bar is a blue header with a "+ Add item" button and a "Theme: Plain" button. The main content area has a light gray background and contains three checkboxes: "Allow users to edit responses. [What's this?](#)" (unchecked), "Require Lakeview Academy sign-in to view this form." (checked), and "Automatically collect respondent's Lakeview Academy username." (unchecked). Below these settings is a section titled "Test Form" with a text box containing the placeholder text: "You can include any text or info that will help people fill this out."

3. YouTube Videos

Find the video you would like to embed on YouTube. Beneath the video, click on “Embed”, then copy the code and paste it into the source box in “Its Learning” as described in the instructions above.

The screenshot shows a YouTube search result for "seagull steals gopro camera". The video player displays a video titled "Seagull Steals Digital Camera From Man" by DorothyRamsey1. Below the video player, the "Embed" tab is selected, and the embed code is shown in a text box. The code is:

```
<iframe width="560" height="315" src="http://www.youtube.com/embed/4GLQbv7B To" frameborder="0" allowfullscreen></iframe>
```

 The text box is highlighted with a red oval. Below the text box, the video size is set to 560 x 315.
